Languages : Core JAVA, HTML, CSS, JavaScript, SQL, ReactJS, PHP, Python.

Database : MySQL, Oracle.

Frameworks : Collections, JDBC, Servlets, JSP, Hibernate, Spring Core,SpringBoot, SpringMVC, SpringMicroservices, REST API, Bootstrap.

EXPERIENCE

Full-Stack Java Developer Intern, Qspiders,Deccan Pune.	Jule 2023 – March 2024
Full-Stack Web Developer Intern, Bitmap Technology,Akurdi Pune.	Sept 2022 – May 2023
Front-end Web Developer Intern, TCR Innovation,Maharashtra.	Jan 2022 – Mar 2022

PROJECTS

1. **Krushimart – Agricultural Marketplace Platform** *(Java, Spring MVC, Jsp, Html,Css, Postman)*   🔗 Link
   - Krushimart is an e-commerce application to connect farmers directly with consumers to streamline the supplychain, reduce intermediaries, and ensure fair prices for both farmers and buyers.
   - Reduced the average time from listing to sale through an intuitive user interface and efficient backend processes.
   - Utilized Postman to test and validate API endpoints, ensuring reliable data exchange between client and server.

2. **Tours and Travels Management System.** *(HTML,CSS,Javascript,PHP,MySQL.)*   🔗 Link
   - The system helps people easily book hotels, flights and bus tickets for their trips.

3. **Weather Application using React.JS.** *(HTML,CSS,Javascript,React.JS)*   🔗 Link
   - We get the current Weather data using API from OpenWeatherMap and display the weather information like Temperature,Weather condition,Humidity and Wind Speed according to the city in this Weather App.

4. **Employee Management System.** *(Java,SpringBoot,Postman)*   🔗 Link
   - Created a console based application which supports CRUD operation on database using SpringBoot framework of Java programming language. Also used Postman(front-end mocking tool) for API testing.

INSTITUTE TRAININGS

- Training in java from **Diamond Mindglance Institution, Akurdi.**
- Java Full-stack Web Development course from **Qspiders,Deccan Pune.**
